INNOVELLEC'25

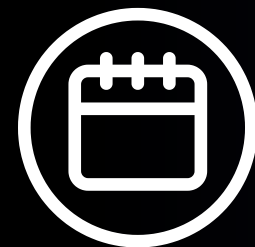

PARTNERSHIP PROPOSAL

SLIIT
IEEE Student Branch
A Student chapter of IEEE Power & Energy Society

WHAT IS INNOVELEC'25?

Innovelec is the largest student-led innovation competition hosted by the **IEEE PES Student Branch** Chapter of **SLIIT**. It allows students to showcase creative tech solutions through competitions, while also offering webinars and industrial site visits to provide deeper insights into innovation. The event brings together university students and their ideas on one platform, promoting collaboration and knowledge sharing.

28st of June

Online Webinars +
Industry Visits +
Final Competition

100 + Participants
15 + Universities
